## Joy, Warmth and Nourishment for All!

The holidays are behind us and the new year is full of possibilities. Even as many of our neighbors continue to struggle, SnowCap is greeting 2023 with hope and optimism.

*Our team of volunteers and staff were full of joy this past holiday season when we saw your outpouring of generosity, especially to support children and seniors!*

I received an urgent email from one of our partners the week before Christmas. Fourteen children in crisis who had just moved to our area with their families, arrived without much besides the clothes on their backs. Could SnowCap help bring a bit of hope and cheer to these children? As donations of warm socks, hats, books and gifts for kids arrived, we were thrilled to say yes. In fact, over one thousand children were helped with these items in December!

*SnowCap is built to respond to personal emergencies, big and small.*

Some of the clients who touched our hearts this holiday season included:

- An elderly woman on a fixed income who had just been released from the hospital had no food at home. SnowCap volunteers delivered.
- A single dad who was widowed and didn't have anything to give his two children, was in despair. Your donations meant there were special surprises for them and a visit to our clothing program.
- A young couple with a new baby were choosing between keeping the heat on during the cold or buying groceries and diapers. A neighbor told them where to find help- SnowCap!

*These kinds of situations, and others, are met with compassion every day at SnowCap. Thank you for your continued support that makes it possible to do small things with great love.*

Gratefully,

*Kirsten Wageman*
