

The Power of Community

I got the call on a Sunday morning; an alert volunteer had noticed that SnowCap had been burglarized. My heart sank. My mind raced heading over to assess the damage and thinking about how the neighbors we serve would be affected by the loss of two trucks that are needed to pick up and deliver food. It was a tough moment.

That is when the phone started ringing with good news. And it kept ringing.

Staff, board members and volunteers showed up on a dreary Sunday without being asked. Supporters made donations online, others helped spread the word on social media and contacted local news stations. Donations of tools and pallet jacks arrived in the following days. Our clients and community located both trucks, unharmed!

SnowCap needed help and you were there. We still need your help.

Even as more and more folks have returned to work, inflation, high gas prices and other factors are squeezing family budgets to the brink. Seniors and others on fixed incomes are particularly hard-hit.

SnowCap helped 2,800 MORE people in June 2022 than in June of 2021. That is a 43% increase in need!

Will you help us meet the need? Because of support from people like you, SnowCap has never turned away a person in need of food because the shelves were empty. With this dramatic increase in need, your gift makes a real difference. I have included a list of needed items for the pantry and back-to-school, plus information on our upcoming golf tournament and more.

There is so much good we can do when we work together. SnowCap is a shining example of the power of community!

Gratefully,

Kirsten Wageman
